Dear Westford residents,

The Board of Selectmen's August 2019 meeting dates were changed to August 20th and 27th.

On August 20, 2019 at 7:15PM in the Selectmen's Town Hall Meeting Room there will be a Public Hearing to discuss the request from National Grid to remove or prune approximately 700 public shade trees in accordance with M.G.L. c. 87 §3, Public Shade Tree Law. The roads with town trees impacted includes: Concord Road, Abbot Street, Pine Street, Town Farm Road, North Main Street, Country Road, Beaver Brook Road, Pleasant Street, East Prescott Street, and Palermo Street.

At the last Board of Selectmen meeting, the board reviewed funding options for Stormwater Management, including how meeting the new requirements would impact town and school budgets if done through taxation within the levy limit. They will make their decision relative to how to proceed with funding at their meeting on August 27th, 2019. For information on Stormwater Management click this link here: [Stormwater](#).

The 63 Main Street Task Force has concluded their findings from the online survey. Selectman Elizabeth Almeida will report on the survey results at the board's meeting on August 27th, 2019. The survey results are available to view at the following link: [63 Main Street Survey Results](#).

On July 23, 2019, the Board of Selectmen discussed Ebi Masalehdan's property at 66-68 Boston Road. Masalehdan inquired if the town would be interested in purchasing the property from him, and he has submitted a price. The Board will be considering his offer at their next meeting and will decide on whether to bring the request to Special Town Meeting.

The Selectmen also discussed the ruling by the Ayer District Court relative to the dangerous dogs owned by Haley Gallagher, 10 Wilson Farm Road, and unanimously voted to issue an order that the dogs shall not be permitted outdoors unless they are securely and humanely muzzled, are kept within a secure fenced-in enclosure from which they cannot escape, or they must be securely and humanely muzzled and restrained with a leash having a minimum tensile strength of 300 pounds, not exceeding 3 feet in length, held by an adult capable of controlling the dogs.

Animal Control Officer Hirschler reported that the dog owners at 6 North Street have complied with the Board of Selectmen's Decision and Order to build a six-foot fence around their property to contain the dog.

It was voted 3-0-1 at the last Board of Selectmen's meeting to review the Town Charter for gender neutral/inclusive language and incorporate a warrant article at our upcoming Special Town Meeting on Monday, October 28th, 2019.

Selectman Almeida announced at the last Board meeting that Principal Kevin LaCoste of the Col. John Robinson school was in a terrible accident at his home on July 21st. There was a benefit, the "LaCoste Strong Lemonade Stand and Book Reading" on Thursday, August 15th, 2019 at the Town Common where all proceeds were donated to the LaCoste family. There will also be a lemonade stand at the town Farmers Market on August 27th.

In 2018 the Westford Garden Club donated trees, shrubs, and flowers to re-landscape the front of Town Hall. Our Highway Department cleared the old landscaping and the Club hired Weston Nurseries, a landscape designer who we worked with on the new plan. The Highway Department then planted last spring and a plaque has just recently been installed in recognition of the Garden Club's generous donation.

Our Parks and Recreation Department is hosting a Summer Beach Party at East Boston Camps, located at 66 Depot Street from August 12th through August 16th, 2019 and August 19th through August 23rd, 2019 from 9:00 AM – 4:00PM for ages 4-14. The program is in place to cover the time that the traditional summer programs and camps are not available. More information may be found here:

This year's Middlesex County 4-H Fair will be held on August 23rd, 24th, and 25th, at the 4-H Fairgrounds located at 55 South Chelmsford Road, Westford, MA. The fair will begin with a parade and Opening Ceremony on Friday August 23rd at 12:30PM. Click the following link for more information and to find the daily schedule: [Middlesex County 4-H Fair.](#)

On July 22nd, 2019 Deputy Fire Chief Dan Britko and Fire Captain Mark Valcourt participated in an Emergency Preparedness training exercise in Portsmouth, NH. There were Firefighters from many other departments also in attendance that day. The training was put on jointly by PanAm Railway, Dow Chemical and others.

Congratulations to Rae Dick in the Health Department on her promotion from Health Agent to Director of Environmental Services. I would also like to welcome our new Assistant Town Planner Matthew Salem, our new Town Clerk Records Supervisor Alyssa Ingalls, Richard Layne with the Fire Department, Richard Leonard with the Highway Department, and Patrolman James Antonelli, Jr with our Police Department.

*Patrolman James Antonelli with
Town Manager Jodi Ross*

There are several openings on our local boards and committees, including: 12 North Main Task Force, Affordable Housing Committee, Agricultural Commission, Community Center/Mill Works/Recreation Department Task Force, Constable, Cultural Council, Election Officer, Energy Committee, Healthy Westford Committee, Historical Commission, Nashoba Valley Technical High School District, Northern Middlesex Council of Government, Parkerville Schoolhouse Committee, Parks and Recreation Commission, Pedestrian Safety Committee, Permanent Town Building Committee, Tax Possession Sale Committee, and Zoning Board of Appeals. I urge you to peruse our website for information about the work of these committees; and if you have interest, please complete a Citizen's Activity form at this link: [Citizen Activity Form](#) or stop by and fill out a form in the Town Manager's office.

Would you like more detailed information on Board of Selectmen meetings? Click the following links to access: [Board of Selectmen Documents](#) & [Board of Selectmen Meeting Videos](#).

Please mark your calendars for our Special Town Meeting to be held on Monday, October 28th, 2019 at 7:00PM in the Abbot Elementary School gymnasium located at 25 Depot Street. The Special Town Meeting Timeline is now available at the link here: [Special Town Meeting Timeline](#)

Please do not forget to join us at the Farmers Market on Town Common on Tuesdays from 2:30PM – 6:30PM. There are currently only 2 markets left, however we may consider extending the market through September. Please keep an eye out for our update!

Sincerely,

Important legal document clinic instructed by Madge and Johnson, PC, Two Part Series

Sept. 26th & Oct. 22nd at 5:30 pm

If you were to become incapacitated, do you know who you would want to act on your behalf to make medical and financial decisions for you? If so, do you have the legal paperwork to make that happen?

In Part 1: You will learn what are Durable Powers of Attorneys, Health Care Proxies and HIPAA Authorization and Release Forms. You will fill out forms to allow the attorney to draft these documents for you to sign on Oct. 22nd to make them effective. The attorney will meet with each person interested in Part 2 of the series to determine if you are a good candidate based on the information you provide.

Part 2: This section will involve the attorney reviewing each of these documents in general with the group and then documents will be properly signed under the supervision of the attorney. At the end of Part 2, you will leave with validly executed and prepared Advance Directives that reflect who you wish to serve in the roles described on your information sheet.

This Advance Directives Legal Clinic is being provided by the law office of Madge & Johnson, PC. located at 3 Lan Dr., Suite 101, Westford, MA 01886. Both meetings for Part 1 and Part 2 will be conducted at the Cameron Senior Center. While the cost for Part 1 is free, the cost payable to Madge & Johnson, PC to obtain the Advance Directives in Part 2 is \$300 per individual and \$350 per couple if the parties named in the documents are the same.

Please register for this clinic at the Cameron, 978-692-5523 by Fri. 9/20.

Winners of Earth Machines

The Recycling Commission sponsored two drawings at the Farmers' Market for free Earth Machine backyard composters for Westford residents. The winner on July 23 was Kim Rose and the winner on August 6 was Dave Ebitson. Congratulations!

HOME COMPOSTING with an *EARTH MACHINE*

Since food waste is heavy, not putting it in the trash but composting it instead reduces Westford's trash collection costs. The compost produced can also benefit the environment.

Westford residents can purchase an Earth Machine back yard composter at a discounted rprice of \$25 by contacting Denise Seyffert at 978-692-6986. It comes with composting instructions. The regular price of an Earth Machine at a home improvement store is \$99.

Placing fruit and vegetable kitchen scraps, coffee grounds, eggshells, tea bags, shredded paper, grass clippings, sawdust, pine needles, and leaves in your Earth Machine will produce useable compost called "black gold," a rich soil conditioner.

In 1993, Massachusetts banned yard waste from the trash in an effort to reduce garbage, save money, utilize valuable organic waste, and provide nutrient rich compost for home lawns and gardens. Using compost on the soil adds essential nutrients, improves root growth, and helps retain moisture, which can help lower water bills.

SEPTEMBER IS PREPAREDNESS MONTH

Celebrate September with a 72-Hour Kit!

September is National Preparedness Month: the kickoff to the season when Americans are urged to get ready for emergencies. Anyone can get started with three basic steps that are recommended by disaster agencies:

1. **Be Informed** – Learn about the hazards in your area
2. **Make A Plan** – Write down essential steps, phone numbers, and meeting places
3. **Get a Kit** – Have a 'go bag' ready in case you must evacuate quickly

You can find useful tips about preparedness on web sites such as these:

ready.gov/ <-- Department of Homeland Security / FEMA

cdc.gov/ <-- CDC; see the Emergency Preparedness tab

redcross.org/get-help/how-to-prepare-for-emergencies.html <-- American Red Cross

Many places sell ready-made emergency kits. You can also build your own, using items that you may already have at home. Start by choosing a *container* for your kit: a backpack, duffel bag, tote – or even a clear plastic bin, if the kit may be stored in a damp basement. People who have difficulty carrying heavy items may prefer a container with wheels.

Place 'starter' items into the container. The photo shows a sample kit in a backpack that includes work gloves, goggles, foil blankets, flashlights with batteries, a tarp, duct tape, a length of cord, and first aid supplies. The goal is to be as self-sufficient as possible for the first 72 hours of a disaster.

Then insert personal items such as non-perishable snacks, important phone numbers, a small supply of medication, toiletries, spare keys, and a deck of cards.

For a full list of recommended kit items and other preparedness suggestions, contact:

Health Department (continued)

TICK AND MOSQUITO ADVISORY AUGUST 2019

In Massachusetts, West Nile virus infection (WNV) and eastern equine encephalitis (EEE) are the two viruses people may get if they are bitten by an infected mosquito. There are few cases of these infections each year, but most cases of WNV and EEE occur in late summer and early fall. This year, EEE has infected one person to date. Lyme disease, caused by a bite from an infected deer tick, is the most common tick-borne disease in Massachusetts. Lyme disease can cause serious complications if it is not recognized early and treated appropriately. There has also been recent identification of other tick species that have only survived in the southern states, such as the Lone Star Tick.

With outdoor fall activities are not far away, and summer activities are still in full swing, here is a reminder of some of the tips that the Department of Public Health has issued to help residents remain safe while enjoying outdoor activities.

- Limit your time outdoors during peak periods of mosquito activity (dusk and dawn). Wear a long-sleeved shirt and long pants if you're out during dusk and dawn.
- Use a mosquito repellent that contains DEET or Picaridin. Oil of lemon eucalyptus may also be considered. Always follow the directions on the label.
- DEET will also repel ticks, but sensible clothing and sticking to clear pathways and open areas when hiking helps avoid ticks as well.
- If you are out in an area with ticks (and these ticks occur all across the state), then do daily tick checks on you and your children, and remove ticks carefully according to directions you can find on the DPH web site
- Cover the arms and legs of children playing outdoors. Cover a baby's carriage or playpen with mosquito netting.
- Fix any holes in your screens and make sure they are tightly attached to all doors and windows.
- Remove any standing pools of water around your home. Mosquitoes will breed in any puddle or standing water that lasts for more than four days. Make sure water does not collect and stagnate in ceramic pots, trash cans, recycling containers, old tires, wading pools, bird baths, etc. Remove leaves and debris that may prevent drainage of roof gutters.
- See the DPH web site for suggestions about how to reduce the number of ticks around your house and property, or contact the Westford Health Department at 978-692-5509.
- You may also find helpful resources at www.cmmcp.org The Central Mass Mosquito control project.

Westford is currently considered low risk community for EEE and WNV. This does not mean residents should not take precautions though. To follow the communities where have been positive mosquito samples containing EEE and WNV check out www.mosquitoresults.com.
